## SUMMARY

I am a passionate and motivated fresher with a strong foundation in Frontend development. I also have hands-on experience in Java, C++, SQL, and web technologies, along with solving easy-level DSA problems. I am eager to apply my skills and contribute to real-world projects in a dynamic work environment.

## EDUCATION

**Maharshi Dayanand University**, Rohtak, Haryana

*Bachelor of Computer Application (BCA)*

(2022-2025)

Affiliated to MDU Rohtak, Haryana

## SKILLS

- **Programming Languages:** Java, C, C++, SQL.
- **Data Structures & Algorithms:** Solved easy-level DSA problems.
- **Front-end Technologies:** HTML, CSS, JavaScript
- **Tools & Technologies:** VS Code
- **Soft Skills:** Time Management, Organization, Leadership
- **Typing Speed:** 40(WPM)

## PROJECTS

### Personal Portfolio Website

*Tech Stack:* HTML, CSS, JavaScript

I created a responsive and interactive personal portfolio website to showcase my skills, projects, and contact information. The site features a clean and modern UI built with HTML and CSS, along with smooth scrolling, animated elements, and interactive components powered by JavaScript. The portfolio includes sections such as:

- **Home:** An introduction with a short bio and background animation or image.
- **About Me:** A detailed overview of my skills, education, and career goals.
- **My Services:** A section outlining the professional services I offer, such as web development, UI/UX design, freelance projects, and more. Each service is displayed with icons, titles, and short descriptions.
- **Download CV:** A dedicated section with a button that allows visitors to download my resume
- **Contact:** A functional contact form and social media links.

### WEB DEVELOPMENT PROJECTS

My Blog, Landing Page, Ecommerce Page, Technical Documentation Business Homepage, Parallax Page, showcasing responsive design and structured layouts

### ❖ MAJOR PROJECTS

- ❖ Built a Netflix Clone and a Graphic Design Service Provide Website using HTML & CSS, focused on functionality and user-friendly design.
- ❖ LANDINGPAGE: Built a responsive website using BOOTSTRAP, HTML and CSS.
- ❖ Developed Tic-Tae-Toe, Rock-Paper-Scissors, and a currency converter using JavaScript, enhancing logic-building and front-end skills.

*The site is fully responsive and optimized for various screen sizes, providing a seamless user experience across devices.*
